17	10.09	22.26	2.72
18	10.44	23.01	2.92

Note: These goals are based upon results achieved with minimal allowance for mortality. Results will be affected by feeding programs, environment, flock health and growing densities.

In merging the historical traits of the traditional bronze turkey with the economics of our commercial lines, we are proud to offer the breed proudly known across North America as Orlopp Bronze.
